HOW TO MEASURE FOR A PERFECT BRA FIT

A **BAND SIZE:** Measure around rib cage directly under bust, add 5". Round odd numbers up. This is your band size. 10 11 12 13 14 15 16 17 18 **CONNECT TO B**

B Example: Assuming your rib cage measurement under the bust is 30" + 5" = 35". Odd number rounds up to a 36" band 19 20 21 22 23 24 25 26 27 **CONNECT TO C**

C **CUP SIZE:** With your bra on, measure the fullest part of the bust without pulling tight. 28 29 30 31 32 33 34 35 36 **CONNECT TO D**

D If bust is 1" over band measurement, you are an A cup. For each added inch go up a cup size. 37 38 39 40 41 42 43 44 45 **CONNECT TO E**

E Example: Assuming a 36" band size, a bust measurement of 39" would require a C cup. 46 47 48 49 50 51 52 53 54 **CONNECT TO F**
